New Website

Many of you have discovered us at shows we do around the country. The more shows we do, the more we discover there are many more shows we are missing. Hard as we try, we simply cannot be everywhere getting the word out on our products. Therefore, we have recently created a new website focusing on our most popular item - **FootHuggers Comfort Socks**.

Our new website is www.foothuggers.com

Foothuggers.com is packed with more information regarding Health Benefits of FootHuggers Comfort Socks as well as Frequently Asked Questions, Show Schedules, Testimonials, and our own full-line video infomercial. We will continually be improving our site and would appreciate feedback from you to help us address the information you are looking for.

Our original website www.boothuggers.com is still active and will remain active. Our complete line of products is available from Boothuggers.com

Support Our Troops

It has come to our attention that many of our customers are routinely buying FootHuggers for their relatives who are serving overseas. We would like to help in your efforts and show our support. Therefore, we are starting our own program to help support our soldiers.

Please visit our website for more complete information.

Quote of the Month

I absolutely love these socks! Wearing them dispels any myth suggesting that all warm socks are equal. Anyone with circulation challenges like me or even other "freeze baby" types, owe it to themselves to try your FootHugger Bootsocks. The assurance of soft comfort whisper value everytime I put them on; and the gentle hug of the lasting warmth, brings the pleasure of pain free adventures into my reality. From the moment your Bootsocks met my legs it has been added relief, soothing away little aches and pains I learned to accept as a diabetic with lymphoedema. Yes, they are definitely worth it!
