VALENTINE'S DAY

For The Ladies

OK guys, Valentine's Day is just around the corner and you know what that means. You better come up with a plan to impress your sweetheart or you can plan to sleep in the guest room for a while.

Now, if you're reading this newsletter, there's a good chance that you already know how warm and comfortable FootHuggers Socks are. So does she! What a great idea!

Add a pair of her favorite warm socks to the other wonderful gifts that you will bestow upon her. Flowers, dinner out at her favorite restaurant, some new warm PJs and warm FootHuggers Socks. *(At this time of year, women want to be warm - forget the silk.)* OK, that should do it. Another holiday gift giving problem solved!

For The Men

OK ladies, Valentine's Day is for men too! When was the last time you got your man a thoughtful gift for Valentine's Day?? Can't remember when? Well, let's break a bad habit and step up to the plate.

Men always like things that help them be more comfortable or accomplish more at their jobs. Yep, you guessed right, FootHuggers Socks would be a perfect way to say how much you care. Keeping his feet comfortable all day at work would be a wonderful gift and much appreciated week after week. Long after the day is past, he will enjoy his new FootHuggers!

MADE IN MINNESOTA

Did you know that FootHugger Comfort Socks are all USA made? They are! The fabric we use is made by Polartec LLC located in Lawrence, MA. Previously known as Malden Mills, they are the creators of Polartecfabrics - the most advanced performance textiles available today. They can keep you warm when it's cold, keep you dry when you sweat, even repel wind, rain, and snow to protect you from the elements. We buy their fabric, ship it to Minnesota, where we make FootHuggers Socks. No China connection here. Even our thread is made in America! (Just thought you might want to know.)

LOOK WHO'S WEARING FOOTHUGGERS

*Brittney Foster
Miss Rodeo Canada 2010*

Brittney Foster's dream of being Miss Rodeo Canada became a reality on November 12th, 2009. Brittney discovered FootHugger Bootsocks at the National Western Stock Show in Denver this past January. The 22-year-old barrel racer recently completed her fourth year at the University of Alberta with the aspiration of receiving her Bachelor of Education Secondary degree. Brittney's focus is working with special needs students and teaching communication & technology studies (CTS). She plans to complete her final semester following her reign as Miss Rodeo Canada 2010.

At the age of 10 years, Brittney began competitively barrel racing and recalls fondly competing in the Alberta High School Rodeo Association. This young woman still finds time to barrel race within various associations in the province such as the Alberta Barrel Racing Association, Northern Redneck Riders and the Peace Country Barrel Racing Association.

Brittney feels blessed to have the endless support of her loving parents Bill and Diane Foster. "I hold my family close to my heart. They have taught me to stay true to myself, follow my dreams, and to carry my head high. I am truly grateful to have remarkable role models and true mentors as parents. I love them with all of my being," she says.

This year, Brittney will attend over 300 appearances throughout Canada and the United States. She will be educating the public about rodeo, inspiring young minds to follow their dreams and ensuring the continual prosperity of rodeo. She is an enthusiastic, determined and caring young woman who is devoted to volunteering and fundraising for a variety of charities.

"As Miss Rodeo Canada 2010, my goal is to encourage every person that I meet to follow their heart, and achieve what they desire most. It is my calling in life to help others in need. I long to lift the spirits of the individuals that I encounter, and strive to inspire others to make the world a better place."

FOOTHUGGERS GOES MILITARY

Believe it! Over the years, we have noticed many of our customers have purchased FootHuggers for their loved ones serving in the Military overseas. The feedback has been great. FootHuggers can help your feet survive the variety of temperatures and humidity extremes that many of our service men face every day. FootHuggers insulate and cushion their feet, helping to wick moisture away - increasing overall comfort. Easy to care for, FootHuggers can be machine or hand washed and require no dryer - they simply air dry fast! (Just try that with any wool socks.)

During a recent show, I learned that many military bases allow outside vendors to set up on base and market their products directly to all base personnel. After just a few phone calls, faxes, and

several forms - we are good to go!

Please note our updated show schedule and see where we will be visiting first. It is our goal to visit as many bases as we can in combination with other shows that we do around the country. Please [email us](#) any suggestions regarding bases in your area that we should plan to visit.
